

Bus Scheduling and Routing

Adequate service, safety and efficient operation shall be the goals in the planning of school bus schedules, routes and stops.

The supervisor of transportation shall be responsible for the development of these transportation plans which shall be subject to the approval of the superintendent.

Spot locations maps developed from school census information and supplementary surveys as needed shall be used in planning routes.

The Board desires that all students be received and discharged from buses as near their homes as possible. Bus stops shall be designed to comply with state law regarding students' embarking and disembarking on major thoroughfares. In no event shall students be required to walk more than one-quarter of a mile to buses.
