

## Bullying Prevention and Education

NOTE: Colorado school districts are required by law to adopt a specific policy concerning bullying prevention and education (C.R.S. 22-32-109.1(2)(a)(I)(K). Each school district must ensure that its policy, at minimum, incorporates the approaches, policies, and practices outlines in the Colorado Bullying Prevention and Education Model Policy published by the Colorado Department of Education. This sample policy contains the content/language that CASB believes best meets the intent of the law. However, the district should consult with its own legal counsel to determine appropriate language that meets local circumstances and needs.

### Statement of purpose

The Board of Education supports a secure and positive school climate, conducive to teaching and learning that is free from threat, harassment and any type of bullying behavior. The purpose of this policy is to promote consistency of approach and to help create a climate in which all types of bullying are regarded as unacceptable.

Bullying and other behaviors as defined below are prohibited on district property, at district or school-sanctioned activities and events, when students are being transported in any vehicle dispatched by the district or one of its schools, or off school property when such conduct has a nexus to school or any district curricular or non-curricular activity or event.

### Prohibited behavior

- Bullying
- Retaliation against those reporting bullying and/or other behaviors prohibited by this policy
- Making knowingly false accusations of bullying behavior

### Definitions

**Bullying** is the use of coercion or intimidation to obtain control over another person or to cause physical, mental or emotional harm to another person. Bullying can occur through written, verbal or electronically transmitted expressions (i.e., cyberbullying) or by means of a physical act or gesture. Bullying is prohibited against any student for any reason, including but not limited to any such behavior that is directed toward a student on the basis of his or her academic performance or any basis protected by federal and state law, including disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, national origin, religion, ancestry or the need for special education services, whether such characteristic(s) is actual or perceived.

*Note: At the Board's discretion, the policy may state "or against whom federal and state laws prohibit discrimination upon the bases described in C.R.S. 22-32-109(1)(II)(I)" instead of listing the specific classes protected by federal and state discrimination laws.*

**Retaliation** is an act or communication intended as retribution against an individual who reports an act of bullying. Retaliation can also include knowingly making false accusations of bullying or acting to influence the investigation of, or the response to, a report of bullying.

**False accusations** of bullying are those made knowingly by an individual or group of individuals with the purpose of causing harm to another individual and which are false.

### **Prevention and intervention**

The superintendent will develop a comprehensive program to address bullying at all school levels and will ensure that the program is consistently applied across all students and staff. The program will be aimed toward accomplishing the following goals:

1. To send a clear message to students, staff, parents and community members that bullying and retaliation against a student who reports bullying will not be tolerated.
2. To train staff and students in taking pro-active steps to prevent bullying from occurring, which includes but is not limited to, training on the bullying prevention and education policy, how to recognize and intervene in bullying situations, and positive school climate practices.
3. To implement procedures for immediate intervention, investigation, and confrontation of students engaged in bullying behavior.
4. To initiate efforts to change the behavior of students engaged in bullying behaviors through re-education on acceptable behavior, discussions, counseling, and appropriate negative consequences.

8. To support positive school climate efforts that clearly define, teach, and reinforce prosocial behavior. This includes intentional efforts to promote positive relationships between staff and students as well as students with other students.
9. To designate a team of persons at each school who advise the school administration on the severity and frequency of bullying. The team of persons at the school may include, but need not be limited to, school

resource officers, social workers, school psychologists, health professionals, mental health professionals, members of bullying prevention or youth resiliency community organizations, counselors, teachers, administrators, parents, and students.

10. To survey students' impressions of the severity and frequency of bullying behaviors in their school.

12. To provide character building for students that includes, but is not limited to, age-appropriate, evidence-based social and emotional learning as well as information on the recognition and prevention of bullying behaviors.

NOTE: State law establishes a school bullying prevention and education grant program in the Department of Education. Under the program, a school or group of schools may apply for a grant to fund efforts to reduce the frequency of bullying incidents. C.R.S. 22-93-102.

Pursuant to the State Board of Education's rules for the grant program, districts that apply for the grant must adopt specific policies that include provisions for adequate due processes and safeguards for students accused of engaging in bullying behavior and other requirements that are already incorporated into this policy. 1CCR 301-99, Rule 3.03.5.

For districts applying for a bullying prevention and education grant pursuant to the State Board rules, the following language is required. If the district does not intend to apply for this grant, the following policy language is optional.

[Required for the School Bullying Prevention and Education Grant Programs; otherwise optional: The district's comprehensive program to address bullying will incorporate provisions for adequate due processes and safeguards for students accused of bullying behaviors, in accordance with applicable law and Board policy.]

Procedures will include, to the extent appropriate as determined by the instigator and designated

administrator, and in accordance with applicable law and local school board policy and procedures, notifications to parent/guardians of the results of bullying investigations and their right to appeal investigatory findings to the district.
